

Amerio Horizontal Contact Plate Freezer – 13 Plates

Mfg: Amerio

Model:

Stock No: RPCA1330.15

Serial No:

Amerio Horizontal Contact Plate Freezer. Plate quantity: 13. Plate size: 72 inches x 100 inches. Estimated freezing capacity: 36-42 metric tons per 24 hours. Plate material: galvanized steel. The Amerio plate freezer design utilizes flat plates that contact each side of the product for quick freezing. Refrigerant is circulated through the plates to make them cold and a hydraulic system moves the plates for loading and freezing. The design minimizes product shrinkage and water loss. Amerios are commonly used in meat, fish, poultry, vegetables, frozen meals, ice cream, etc. Compared to many freezers, the footprint is compact. Product is typically packaged prior to freezing. Includes control panel, hydraulic system for moving the plates, loader/unloader device, and is a flow through design. Product inlet and outlet are on different sides for easy conveying. Outside box dimensions (less handles, brackets, etc): 8 ft. 11 in. W x 9 ft. 2 in. L x 9 ft. 7 in. H.
